

Redmont Farm 2023 Summer Camp

Join us for our 15th summer of horseback riding camp!

Whether you are an advanced rider taking lessons or a beginner rider with little to no experience around horses, the opportunity to spend a week or two on the farm learning to care for and ride your equine companion shouldn't be missed. Grooming and daily riding lessons along with horse related education, crafts, and games fill up our days. Our small camp size offers the best opportunity for growth in and out of the saddle. Camp fills quickly, please visit our website for registration.

.....
